

Istanbul & Turkish Resort - 2 Centre Holidays (3+7=10 Nights) from £569 Per person

One of the best ways to experience Turkey is to combine a visit to Istanbul with a stay in a coastal resort. Istanbul is a unique and fascinating city and a 3 night stay is long enough to see the main attractions, which are mostly within easy walking distance of each other. Sightseeing can be tiring, however, so what better way to relax than to spend the following 7 nights soaking up the sun in one of Turkey's attractive resorts. The total duration of your holiday will be 10 nights, however, you can stay longer or shorter, this type of holiday offers great flexibility. Simply add on or subtract extra night price from hotels's price panel.

Your Itinerary

You will fly direct from the UK to Istanbul, with the scheduled flight services of Turkish Airlines which depart daily from Heathrow, Manchester and Birmingham. After spending 3 nights in Istanbul you will take an internal flight with Turkish Airlines to the local airport closest to your chosen Turkish resort. Your homeward flight from the Turkish resort is via Istanbul. Upon arrival at both centres you will be met by our representative who will arrange the transfers to and from the airport/hotel. If you prefer, the centre order can be reversed, ie a Turkish resort followed by Istanbul.

How to calculate the cost of your 2 Centre Holiday

Our 2 Centre programme is so flexible that you can choose any hotel in Istanbul and combine it with any hotel in any Turkish resort in our brochure and just follow these simple steps to calculate the price of your 10 night holiday, based on a 3 night stay in Istanbul and a 7 night stay in a Turkish resort.

1. Choose the resort hotel and the Istanbul hotel where you would like to spend your holiday, for example, the Ottoman Residence Hotel in Akyaka and the BW Empire Palace in Istanbul, and decide when you would like to travel, for example 1st May.
2. Look at the price panel on the right hand-side to check the price of your 7 night resort stay. In our example it would be £659.

3. Check the price panel on the left to see if there is a supplement for the 3 night stay in your chosen hotel in Istanbul. In our example, BW Empire Palace, it would be NIL.

4. Add the two together to find the total price per person of your 10 night holiday. In this example it would be £659.

If you would like to stay for longer, please take the 'extra night' price which can be found on the individual hotel price panel, multiply it by the number of extra nights in each hotel and add it to the 10 night cost which you have found by following the steps above. We can also arrange shorter durations, in this case, subtract extra night price from the hotel price.
